

## Julie organises Mega events at Crown Casino and St.Ives showground

Julie organised the hugely successful Progress User Conference at the Crown Casino in Melbourne. It must have cost the company squillions - or they wouldn't have invited her to Australia's best restaurant Level 41 a few weeks ago!

They came from as far afield as Norway, Japan and America. Julie then rushed back to Sydney for Jeremy's 50th held at St.Ives Showground for 80 guests. What

a woman!

The Big Kid at Bathurst ... the best racing circuit in the world.

## The Big Kids Party!

What better way to celebrate your 50th than to have a BIG kids party! You could come as yourself or as your hero ... for me that was Biggles, and BTW Capn Johns books are getting harder to find! Julie was Annie Oakley and Sandra Berryman as Poo Bear stopped all the

traffic going to St.Ives in their new open top MX5.

## Some Great Racing with the young Kids

"Why can't you take up tatting" was Julie's comment when we decided to give the kids a run for their money and get a modern Formula Ford. It went pretty well. We ran in the Top 10 in the state all year, and finished in the top half of the field at Bathurst despite being down on power.

My goal was to qualify for the Grand Prix support race at Albert Park in March - which I've done . I also organised Lotus 50th celebrations at Eastern Creek which was spectacularly successful and won the all Lotus race.

### Another Hectic Year!

A quick trip to England and Ireland for me, and the same for Julie to Orlando in Florida, lots of motor racing and weekends away, Tessa Braithwaite comes to stay for a year in Australia, and we're both pretty busy and successful at work.

This time last year I convinced one of Australia's largest banks - St.George - to include me in a tender for their maintenance services. The competition was intense and I hardly slept all of January, even missing practice for the HSRCA's last ever event

at Amaroo.

Happily we won the business and landed the biggest contract in our company's history. We also had a win at Amaroo starting from the back of the grid after losing a battery in qualifying.
